

Shout Out to Watershed Heroes! NIPISSING NATURALISTS CLUB

www.nipnats.com

The Nipissing Naturalists Club is a diverse group formed in 1976 with the primary objective of exploring and learning about the natural world.

Through field trips, meetings and discussions they create interest and understanding of our natural history and environment.

In addition to monthly meetings with engaging guest speakers, the Nipissing Naturalists host member outings and events in and around North Bay and the Nipissing District throughout the year.

They educate adults and youth about natural history and environmental concerns in the Nipissing District.

Co-hosts of the annual Louise de Kiriline Nature Festival. Spearhead monitoring projects and data collection on birds, animals and flora.

They also have an active group of birders – known as the Bird Wing – who also host meetings and outings.

As part of our 50th anniversary we're proud to acknowledge Nipissing Naturalist Club as Watershed Heroes!
